

The Season's Finest for  
your Table, Home and Garden

The Produce Station is proud to offer  
**Free Gardening Classes 2008** By Charlene Harris- Garden Designer

All Classes will be held: **Tuesdays & Thursdays from 2:00 to 3:00 p.m.**  
At The Produce Station – 1629 S. State, Ann Arbor, Mi 48104 734.663.7848

Pre-Register for classes online at: [www.producestation.com](http://www.producestation.com)

**May 6 & 8 - Alpines & Sedums for small spaces** - Alpines and Sedums bring long lasting low-maintenance to any garden They add character and brighten even the smallest spot. Use them in containers, dry spots, among the rocks, in your patio or beside a garden pond. Bring your questions & photos. Container planting demo.

**May 13 & 15 - Jeepers Creepers: Plants you can walk on!** – Looking for an alternative to grass, don't mow, plant! You can replace grass or mulch, reduce watering and weeds. Add them to those tough to maintain areas in sun or shade. Learn more about these tough diminutive perennials, how to plant and calculate how many you need.

**May 20 & 22 - Easy herbs:** Culinary herbs for flavor, scented herbs for fragrance.

- **Tuesday:** A brief history of herbs and their symbolisms. Ideas for bridal showers, anniversary parties or teas. Tastings
- **Thursday:** Culinary herbs-the planning and planting herb gardens, the harvesting and preserving of the herbs, developing an herb pizza garden. Tastings.

**May 27 & 29 – Urban Veggies: Yes, you can grow fresh veggies.** Nothing is more satisfying than a red ripe tomato fresh from the vine or a salad made with fresh lettuce or peppers. Intensive planting can multiply your space, or plant a container veggie garden. Veggie Container planting demo.

**Jun 3 & 5 – Made for the Shade:** Add vibrant color and texture to your shade garden with Heuchera, Heucherella, Tiarellas and more. Some tolerate dryer soils to conserve water; they are great for both for the garden and containers. Recommended combinations and planting demo.
